**HARRIS DEVELOPMENT, 110 W. 11TH STREET**

Adaptive reuse continues to be an important development tool in Downtown and will transform the Harris Building into a creative campus. The newly refurbished, seven-story building was completed in 1923 and will be converted into approximately 52,000 square feet (SF) of office space. There will also be nearly 6,500 SF of retail and restaurant space at street level facing Main and 11<sup>th</sup> Streets. Hear from the project developer, JADE Development, about this creative new use.

**Special Guests:** *Daniel Taban, JADE Development and Tanner Blackman, Kindel Gagan*

**FRONTIER DEVELOPMENT, 1100 S. MAIN STREET**

Join us to learn about another project in the Fashion District being proposed by JADE Development. The Frontier Development will be an eight-story complex consisting of 379 apartments and 26,000 SF of office, dining and neighborhood-serving retail. Approximately 11% of the residential units will be set aside for very low income households. The project, designed by MVE + Partners will feature a mid-block pocket park, which will add critical new green space in Downtown.

**Special Guests:** *Daniel Taban, JADE Development and Tanner Blackman, Kindel Gagan*

**2110 BAY DEVELOPMENT**

This mixed-use development is being proposed in the Arts District by JADE Development and designed by Studio One Eleven. It will consist of three buildings on a 1.8 acre site and features a 110-unit live/work tower, a 100,000 SF office building and the final building will be a stand-alone retail structure. CCA members are invited to learn about this innovative development.
